Original Art Paintings

Hello, I'm Agnieszka, the lead artist and founder of Artclubs.Kids, as well as a contemporary artist with over 15 years of experience.

From a young age, I was surrounded by art, thanks to my father, whose incredible talent inspired me. His passion for painting, carving, and creating sparked my own love for the arts.

Although I hold a master's degree in economics, my heart has always been with art. I spent every free moment honing my skills, particularly working with paper, texture mediums and acrylics.

During my youth, I actively participated in theatre workshops, where I not only fulfilled myself as a young actress but also as an artist, assisting with the preparation of decorations and costumes.

My passion for sharing the transformative power of art led me to create a series of art clubs for school children from Years 1 to 6. Through these clubs, I have the privilege of guiding young minds in exploring their creativity and self-expression.

Together, we can ignite a lifelong passion for creativity in children, empowering them to not only develop their artistic abilities but also to build confidence, curiosity and a deeper connection to the world around them.

What Our Art Clubs Offer Children

Building Skills, Confidence and Creativity

We're passionate about creating a welcoming, supportive space where children can explore their artistic talents, nurture their creativity, and develop a deep love for the arts. Our aim is to offer a safe, inclusive environment where kids feel free to express themselves, discover their unique artistic voice, and grow in confidence through the creative process.

Everything we do at our art clubs is shaped by key objectives that ensure every child feels valued and has a fulfilling experience, including:

✓ **Fostering Self-Expression:**

We encourage children to express their thoughts and emotions through art, nurturing their confidence and individuality.

✓ **Developing Artistic Skills:**

With hands-on activities and exposure to various techniques, we help children grow their abilities from drawing and painting to arts and crafts.

✓ **Integrating Art with Education:**

By connecting art to school subjects, we enhance learning outcomes and stimulate imagination across different areas of learning.

✓ **Encouraging Creative Thinking:**

We inspire innovation and guide children to explore new ideas and think imaginatively.

✓ **Building Confidence and Self-Esteem:**

Through art, children learn to take creative risks, embrace challenges and celebrate their achievements.

✓ **Enhancing Collaboration:**

Our clubs promote teamwork, communication, and respect by involving children in shared artistic experiences, where they exchange ideas, offer feedback, and collaborate in a supportive environment, helping them develop essential social skills.

What Our Art Clubs Include

Engaging Projects in Multiple Art Forms

Each session brings a new and exciting art project, allowing children to explore a range of mediums over time, from painting and drawing to collage, 3D modelling, and crafts.

Every club offers a fresh opportunity for children to express themselves creatively, try different techniques, and develop their artistic skills. By the end of each session, they'll have a unique creation to take home and proudly share.

Our activities cover a variety of art forms and techniques, including:

✓ **Painting:**

Exploring a range of painting techniques, including brushwork, colour mixing, and texture. Creating expressive pieces inspired by nature, still life and imagination.

✓ **Drawing:**

Developing core drawing skills such as line, shape, form, and shading. Using tools like pencils, charcoal, markers and oil pastels to capture the details of the world around them.

✓ **Collage:**

Creating collages with age-appropriate, child-safe materials like paper, fabric, and everyday items. Exploring composition, layering, and texture to craft visually dynamic pieces that tell unique stories.

✓ **3D Modelling:**

Constructing three-dimensional models using cardboard, paper and mixed media. Learning techniques for shaping and assembling materials, while exploring volume, balance and spatial relationships in these creations.

✓ **Art & Craft Projects:**

A variety of fun, hands-on art and craft activities. Children will use materials like fabric, recycled items and other creative resources to design unique projects, fostering creativity and encouraging problem-solving in a supportive environment.

Bringing Creativity to Your School

Art Clubs That Inspire and Engage

Thank you for considering our art clubs for your school. We are dedicated to providing enriching and engaging artistic experiences for children. Our carefully designed projects aim to ignite creativity, develop artistic skills, and nurture a love for the arts. With a team of passionate artists and flexible scheduling options, we strive to create a vibrant and inclusive environment where children can explore, express, and flourish.

We pride ourselves on delivering high-quality art clubs that foster a love for art, enhance artistic skills and encourage self-expression among children in school years 1 to 6.

If you are interested in bringing the joy of art to the children at your school, we would be delighted to discuss further details and customise an art club programme that meets your school's unique requirements. Together, let's inspire young minds, ignite creativity, and create a vibrant artistic community within your school.
